

AI-Powered Plan Coordination

Detect construction conflicts before they become costly rework

The Problem

\$177 Billion

lost annually to construction rework in the U.S.

30%

of construction
becomes rework

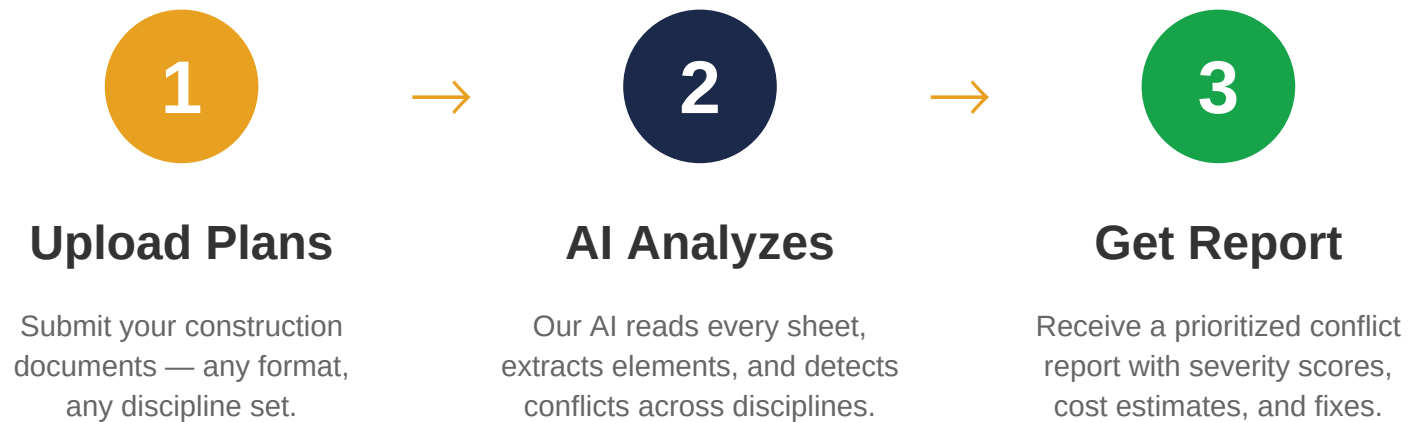

2-4 weeks

average project
delay per conflict

\$100K-\$500K+

cost of a single
missed conflict

How It Works

Minutes, not weeks. Catches what humans miss.

What You Get

- **Severity-Ranked Conflicts**

Critical, Major, Minor — so you fix what matters first

- **5-Dimension Scoring**

Constructability, Cost, Safety, Schedule, Downstream impact

- **Cost Exposure Estimates**

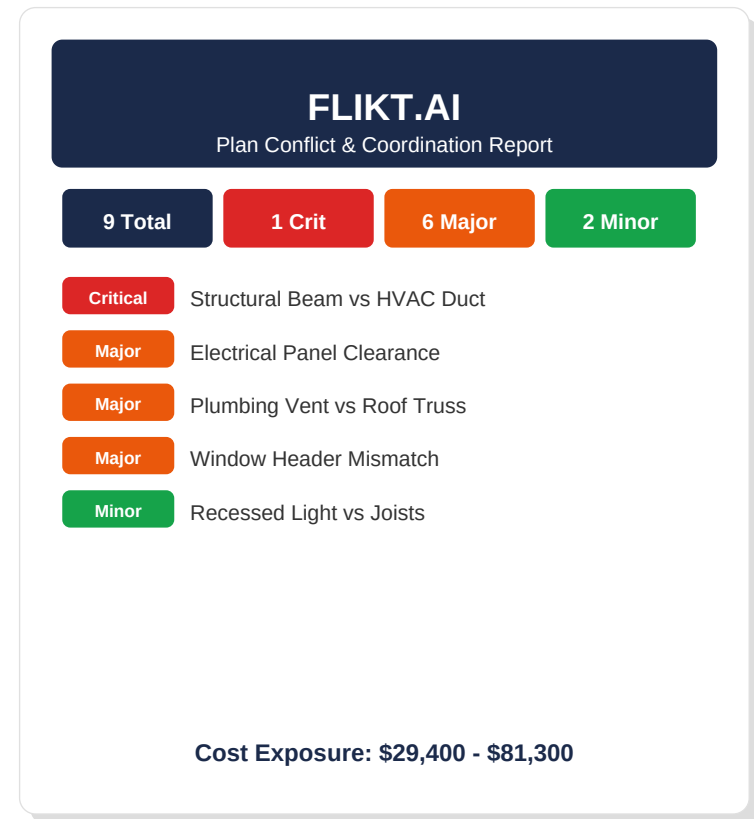

Dollar ranges for each conflict to quantify risk

- **Actionable Recommendations**

Specific resolution steps for every conflict found

- **Sheet References**

Exact page and grid locations across disciplines

Real Results: 9516 Bay Drive

Single Family New Construction | Surfside, FL | 48 Sheets | 7 Disciplines

9

Conflicts
Detected

1 Critical
6 Major
2 Minor

Severity
Breakdown

\$29K-\$81K

Cost Exposure
Identified

7

Discipline Pairs
Analyzed

Top Finding: Structural beam directly intersects HVAC supply duct (sheets S2, M1)

Cost exposure: \$8,500-\$22,000 | Schedule impact: 2 weeks | Caught before framing began

5 correction rounds on this project confirm these are real coordination failures.

Accuracy You Can Trust

100%

Critical & Major
Detection Rate

100%

Precision
(Zero False Positives)

80%

Overall F1 Score
(Validated vs Ground Truth)

Validated against V3 Apartments ground truth dataset (9 documented conflicts)

Every critical and major conflict was caught. Zero false alarms. Built by a developer with 2,600+ units delivered.

Simple Pricing

The image displays three pricing cards arranged horizontally. The first card, 'Residential', is light gray and priced at \$500. The second card, 'Commercial', is orange and priced at \$2,500, with a 'MOST POPULAR' badge above it. The third card, 'Enterprise', is dark blue and priced at 'Custom' with 'volume pricing'. Each card lists specific features below a horizontal line.

Plan	Price	Unit	Features
Residential	\$500	per project	Single family homes, Up to 50 sheets, PDF conflict report, 48-hour turnaround
Commercial	\$2,500	per project	Multifamily & retail, Up to 200 sheets, Priority analysis, 24-hour turnaround
Enterprise	Custom	volume pricing	Large-scale projects, Unlimited sheets, Dedicated support, API integration

Residential

\$500

per project

- Single family homes
- Up to 50 sheets
- PDF conflict report
- 48-hour turnaround

MOST POPULAR

Commercial

\$2,500

per project

- Multifamily & retail
- Up to 200 sheets
- Priority analysis
- 24-hour turnaround

Enterprise

Custom

volume pricing

- Large-scale projects
- Unlimited sheets
- Dedicated support
- API integration
